

BRETAGNE ATLANTIQUE

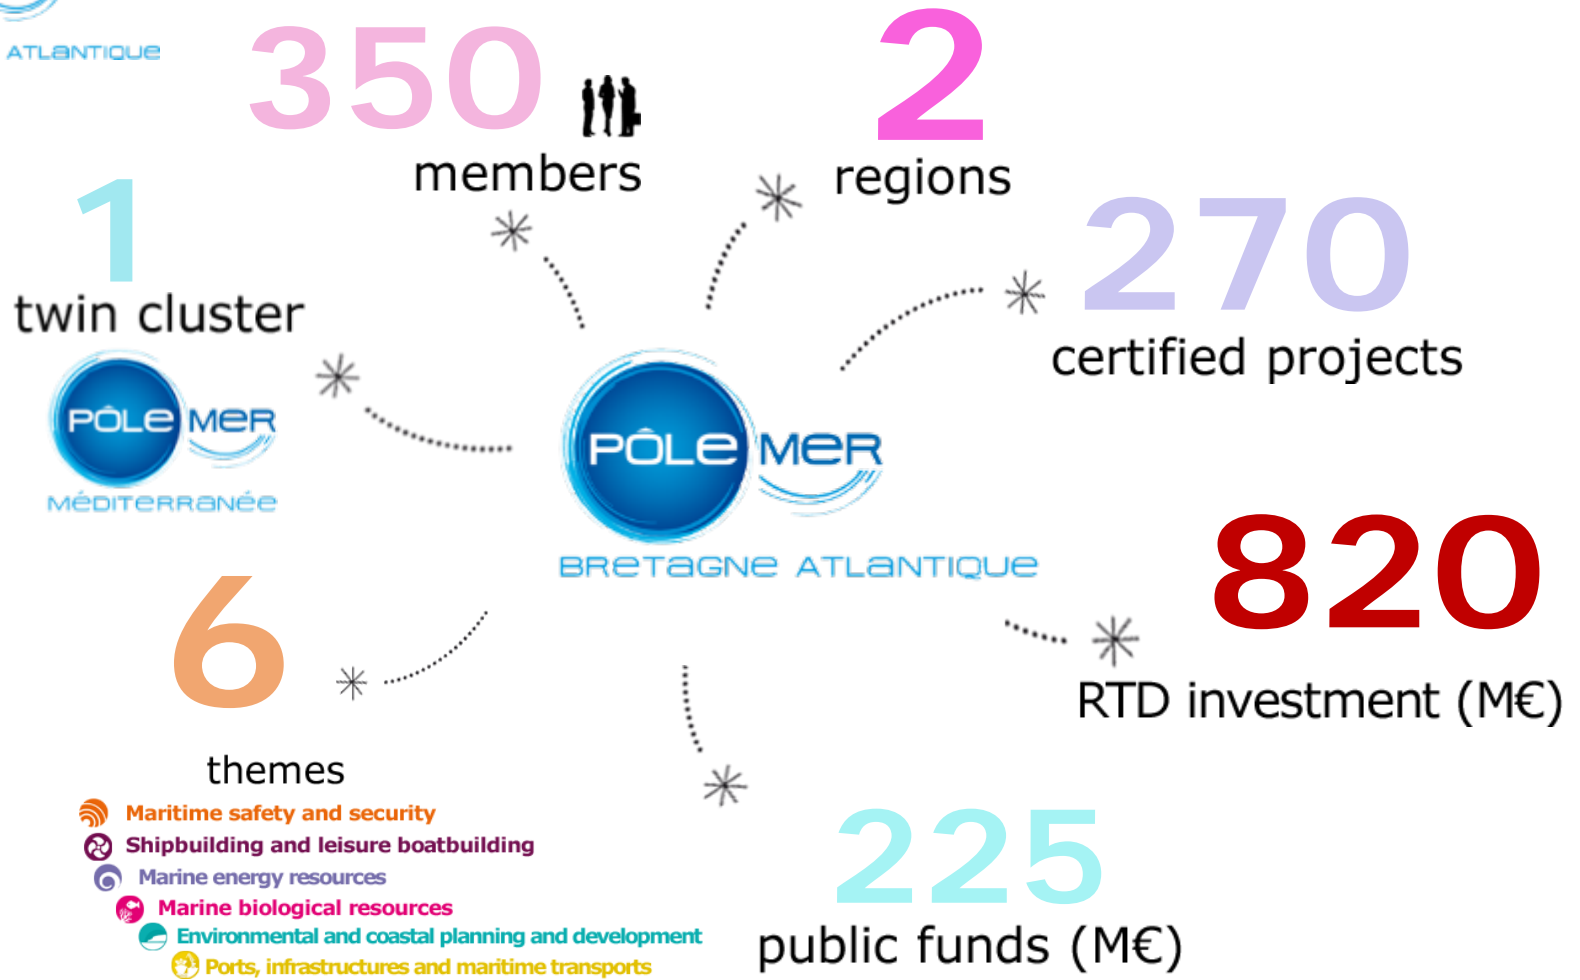

COFASP
ERA-net

Regional Assets for the development of Research and Innovation vs. barriers to developing synergies

COFASP Final conference Kiel, December 9th, 2017

Dr Stéphane Alain RIOU
Deputy Director

stephane.riou@polemer-ba.com

Updated – 11/2016

European activities

- Project Partner
 - H2020 BlueBridge
 - Interreg Intelligent Community Energy
 - ESA Copernicus Uptake
 - (previously FP7-ROK, Interreg)
- Networks
 - French NCP Space&Ocean, Nereus Associated member, Copernicus Relays Network, JPI Ocean French mirror group, ESCP-4i SeaMICI, ECCP Label Bronze
- Expert
 - H2020 Strategic plans SC2, DGMare Skills Blue economy, H2020 Columbus Project Advisory board

Learned from EMFF

- Bureaucracy
 - For previous EMFF period, some contracts were closed 4 yrs after the end of work...
 - And now, requirement of 3 quotations for application
 - Consortium agreement to be signed for application
- Innovation is now part of EMFF
 - What TRL is really expected?
 - State-of-the-art needs to be encourage
 - Open eligibility to other partners not directly involved in Fisheries/Aquaculture (cross-fertilisation)
 - How can SMEs advance their budget?...
- Usefull role of clusters to 'convince/motivate' SMEs + Dissemination/Valorisation of projects

Some Regional actions

- Basin European strategies: BlueMed, Maritime Atlantic Strategy (without money...)
- We need more coordination in Innovation policies:
 - EMFF // ERDF // H2020 // National // Regional // Industrial clusters
- Make use of the large network of European clusters
 - Research
 - Industry
 - Stakeholders
- Research Innovation Strategies for Smart Specialisation (RIS3)
 - Developments of RDI projects
 - Industry
 - **Defence for InterRegional co-investments !**
 - Regions / EU / EBI / Industry
 - ERA-Net Cofund is the first step!

BRETAGNE ATLANTIQUE

Horizon 2020 - Advisory group SC2

Transparency Register #483615210369-78

Thank you!

Merry Xmas
